

THE SPIRIT OF FIVE SENSES

Indri In Sankrit refers to The Five Senses or Indriya

SMELL • TASTE • TOUCH • SIGHT • SOUND

INDRI single malt is distilled in Indri, Haryana, in the catchment area of River Yamuna, watched over by the mighty Himalayas.

This remarkable single malt is made from the indigenous six-row barley grown for hundreds of years in Rajasthan. Matured with care since 2010, *Indri-Trini* is also the first Indian whisky to be produced in three different wooden barrels: ex-bourbon, ex-wine, and PX sherry casks.
