organic vodka

JOYFUL ECOLOGY

Le Philtre does not claim to give lessons in virtue, but rather to express a realistic utopia: **a joyful and festive ecology** seems possible today.

We celebrate life with confidence and hedonism.

We advocate thoughtful and sustainable consumption **the art of consuming less but better**, in the French style.

Le Philtre: Enjoy responsibly, drink sustainably.

A HIGH-QUALITY LIQUID

- **The art of distillation:** four column distillations to obtain a neutral, pure alcohol followed by two copper still distillations to give the liquid its character.
- **Eco-friendly bottles:** made from recycled glass
- **100% natural:** no additives and no added sugar.
- **High quality raw materials:** made from organic winter wheat and Gensac spring water renowned for its purity.
- **Awards:** a multiple international medal winner, Le Philtre's distinctions recognize both the intrinsic quality of the liquid and its organoleptic profile.

TASTING NOTES

- **Nose:** light toasted notes
- **Palate:** silky and delicate structure, roasted notes of toasted almonds and tonka beans
- **Finish:** milky, vanilla

SERVING RECOMMENDATIONS

- **Neat:** between 6 and 8°C to appreciate its delicacy on the palate.
- **In cocktails:** to enhance classics (Martini, Bloody Mary, Espresso.).

Le Philtre

Noun (lat. Philtrum)

A drink prepared according to the rules of magic or witchcraft...

Le Philtre is one of the oldest words in the French language. It echoes the medieval legend of Tristan and Iseult, who shared an aphrodisiac elixir,

Le Philtre d'Amour...
