

HMS PRINCESSA

ADMIRAL GEORGE B. RODNEY, 1ST BARON RODNEY KB (1718-1792)

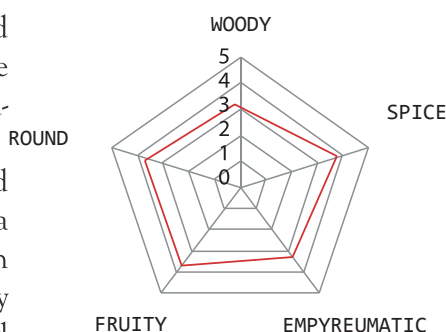

Admiral G. Rodney was a brilliant naval strategist, an inveterate gambler and an unscrupulous collector of the spoils of war. He will forever be remembered as the Admiral who broke the French line at the Battle of the Saints thus ensuring British domination of the Caribbean.

The Admiral Rodney series of award winning rums celebrates this famous naval battle and toasts the courage and valour of British sailors who “broke the line” and vanquished the French fleet.

HMS Princessa was originally a Spanish vessel but was captured by the British in 1780 at the battle of Cape St. Vincent. Captained by Charles Knatchbull with Rear Admiral Francis Samuel Drake aboard, this 70 gun ship of the line was one of the first ships to engage the French in the Battle of the Saints. Fighting valiantly the Princessa engaged the enemy throughout the battle and inspired us to create this rum which embodies power and integrity.

HMS Princessa contains rums aged exclusively in American white oak bourbon casks. All the rums have been aged between 5 and 7 years in our cellars before being blended together by our Master blender.

Deep mahogany colour with honeyed raisins on the nose and a hint of vanilla and tobacco. Sweet with intense brown sugar, crème brûlée tones and balanced by dry toasty oak. Complex finish with good oak integration, caramel, and tropical spice.

The Admiral Rodney series of rare and matured rums are handcrafted at St. Lucia Distillers using traditional methods and an unbreakable commitment to quality.

All Admiral Rodney rums are distilled using our 45 plates Coffey still which was commissioned in 1984. Admiral Rodney rums are extracted from the bottom plates of the Coffey still as these distillates have the balance of flavours which enable a long maturation period to provide intensity and complexity.
