

DEANSTON TEQUILA CASK FINISH

This special dram is far from average.

The first of **our experimental, limited-edition** releases. Deanston **Tequila Cask Finish** celebrates spirit with **true highland character**.

Deanston single malt, from the **Scottish Highlands**, matured in traditional **Oak hogsheads** and finished in **hand-selected casks** that once held **Agave Tequila** from the **Jalisco Highlands, Mexico**.

The Result?

Fruity, floral notes from the **tequila casks** complement the versatile, **waxy, citrus character** of Deanston.

A **fresh, fruity** burst on the nose. **Sweet, rich, dry** on the palate. Warming **spice and sweetness of caramelised agave**.

A damn fine dram, if we say so ourselves.
