

INTRODUCING VIRGIN OAK CASK STRENGTH

We've always had a love for transforming things here at Deanston. Striving **to be and to do better**. Some people don't like change. Keeping things as they are. Comfortable. Good enough. Not us. **We see change as an opportunity**. A chance to kick open the doors of our cotton-mill turned distillery, **to transform humble ingredients** into something truly exceptional, **making whisky that's never dull**.

Inspired by our founder, Brodie Hepburn. Brave, bold, unapologetic. Just like this limited-edition dram. **Bottled at cask strength, packing real punch**.

First filled in barrels, that have previously matured some of the **finest American bourbon**, for that **versatile and uniquely waxy, citrus character that sets us apart**. Then finished in Virgin, American oak barrels.

The result? Intense, robust flavours of warm spice, candied fruit, crisp green apples, and a twist of citrus. **At cask strength, the versatility of this dram shines through**. Sip neat, or add a few drops of water or ice to open up.

TASTING NOTES

Colour: Deep Gold

Nose: Intense robust flavours of wood spice, creamy custard and candied fruit

Palate: Butterscotch, heather honey, crisp green apple and Deanston's signature waxy character

Finish: Warm spice, with a twist of citrus and a hint of honey

No Added Colour | Non-chill filtered | Cask Strength | 58.5% ABV

OUR **WAXY** WHISKY IS IN A CATEGORY OF ONE

There is no other like it!

WHAT

is waxy whisky?

WHY

is waxy whisky so good?

tastes great neat

holds texture & balance when served over ice

stands up to be counted & adds an extra dimension in a cocktail

HOW

do we do it?

the perfect explosion of when science meets nature, with a touch of magic
