AGED **47** YEARS

REMARKABLE
STILLS SERIES

RELEASE NO. 3

Since 1814 the Loch Lomond Distillery has been producing the finest single malt whisky. Situated on the banks of Loch Lomond it takes its name from this most picturesque and famous of all Scotland's lochs - often referred to as one of the world's natural wonders. Indeed, wherever in the world you may be, when you enjoy our whisky, you're experiencing the spirit of a very special place.

This 47 year old whisky is the 3rd and final release in our Remarkable Stills series. The series takes inspiration from our unique Straight Neck pot stills, which were installed at the distillery in 1965 and give us the ability to control the style of spirit produced. Distilled in 1974, this liquid started its journey in refill American Oak casks. After 43 years the liquid was transferred into 2nd fill Oloroso Sherry casks to add additional dried, tropical fruit complexity to complement the distillery's orchard fruit characteristics created by our Remarkable Stills. A total of 200 bottles were produced for the final release in the Remarkable Stills series.

100% of the spirit for the 3rd and final release is unpeated spirit from our unique Straight Neck pot stills. These innovative stills give us superior control at the distillation stage, allowing the spirit to be taken off at a higher collection strength. Spirit taken off at this strength has a distinctive fruit character, which has become the Loch Lomond Distillery's signature and comes to the forefront of this release. Time and nature are then left to work their magic.

*BOTTLED AT 44.3%, MICHAEL HENRY'S, OUR MASTER BLENDER,
