

FRESHNESS & CONVIVIALITY FROM WINE TO GIN

S de **S**orgin is the latest creation of Sabine and François LURTON, already at the creators of the first ever sauvignon blanc gin **S**ORGIN.

The winemaker's savoir-faire brings a new approach to gin. The freshness of the wine elevated by natural seasonal aromas such as pink grapefruit, cranberry and French fig creates a pleasant balance to taste as a long drink with tonic.
