

Riesling!

2021 Steinterrassen Riesling

SELECTION OF GROSSEN LAGEN

This dry Riesling is the link between our VDP.Ortsweine and VDP.Grosse Gewächse. The base for this complex vineyard-blend derives from our three steep terraces in our parcel "In der Rossel". They are replenished by certain parcels of the VDP.GROSSE LAGEN Rotenberg and Steinberg, which give the wine an additional minerality. After a short maceration, the hand-picked grapes are fermented spontaneously, partly in stainless steel tanks and in Oak Vats. The extra-long time on the lees ensures a creamy structure and grip on the palate. The rather vegetable and spicy scent is reminiscent of an herb meadow, smoky aromas complement the bouquet. It impresses with a deep complexity and minerality with a long, salty aftertaste.

The "2021 Steinterrassen Riesling" pairs perfectly with all seafood and fish dishes. We love to drink it to grilled octopus with artichoke cream.

Origin: Due to the special microclimate on the gravel soil "In der Rossel" extraordinary grapes will grow in this vineyard. Additionally, there are also grapes from our Steinberg, from soils made of Lemberg porphyrite, which is extremely barren and of volcanic origin. The vineyard Rotenberg has soils from the time of the "Rotliegenden", interspersed with rhyolite. The soil is as multilayered as the wines are interesting that derive from those vineyards.
