2021 Rotenberg Riesling Kabinett

VDP.GUTSWEIN

Our vineyard Rotenberg in Altenbamberg is not just suitable for the dry Grand Crus but also for wines with an elegant sweetness. This is the reason why this year we are presenting our single-vineyard “Rotenberg Riesling Kabinett” for the very first time. Our “2021 Rotenberg Riesling Kabinett” has an elegance with a delicate fruitiness and a crisp acidity. The bouquet is a potpourri of fully ripened fruits and the typical acidity originating from the volcanic soil. Profound with a long-lasting aftertaste!

We recommend our “2021 Rotenberg Riesling Kabinett” with a tangy, spicy Asian dish, preferably flavored with some chili. Or enjoy a glass or two on a hot summer’s day.

Origin: Its steep and south oriented slopes sit enthroned above Altenbamberg. The soils arose during the time of the “Rotliegenden” and are interspersed with rhyolite, formerly known as quartz porphyry. Due to this specific mineral attribute of the wines, the Rotenberg became extremely important. The slight breeze that surrounds the top provides that certain something and allows the grapes to mature slowly.
