The juice, obtained from soft crushing, is stored in pressurized stainless-steel tanks, where fermentation takes place. The total sugar content of the grapes in the juice is partly transformed into alcohol, and the unfermented balance gives the finished product its natural sweetness.

COLOR

Straw yellow with bright gold highlights, accompanied by a full, lively mousse and a very fine perlage.

BOUQUET

The aromatic tones typical of the Muscat grape are fully manifested in the wine's aroma, which is intense and extraordinarily captivating.

PALATE

Sweet, balanced, unusually fresh, richly fruity, superbly balanced and satisfyingly persistent.

FOOD PAIRINGS

It has always been a perfect match for all kinds of pastries, from cakes and tarts to sweet cookies.
